

# TCFD Recommendations

We have been carefully considering and managing – with increasing scrutiny since the 2015 Paris Agreement – many of the topics addressed by the Task Force on Climate-related Financial Disclosures (TCFD). Through our comprehensive reporting, including our Integrated Annual Report and our Sustainability Report, we are already addressing many of the recommended disclosures by TCFD. Alignment is also achieved through our yearly submissions of the CDP questionnaire on Climate Change, as shown in the table below. We are increasing our efforts to further enhance the quality and robustness of our analysis and reporting. We have not completed the full quantitative analysis required by the TCFD, yet are fully committed and aligned with its principles.
